

PIXELLOT FREE-FOR-ALL:

Automated Production Solution for High Schools

The NFHS Network is now offering up to two free Pixellot systems to eligible high schools! To qualify, your high school must not have Pixellot systems already installed in your main basketball gym and football stadium, and your school must be a member of an NFHS-state high school association.

Get Started

ONE-TIME INSTALLATION

One-time payment covers everything

NO COST Free-For-All Eligible Schools

FULLY AUTOMATED

No one required for filming or production

How It Works

- No camera operator required
- Score graphics sync with venue scoreboard
- page on NFHSnetwork.com

• All events stream to your branded school

 Each Pixellot unit can integrate with your coaching software

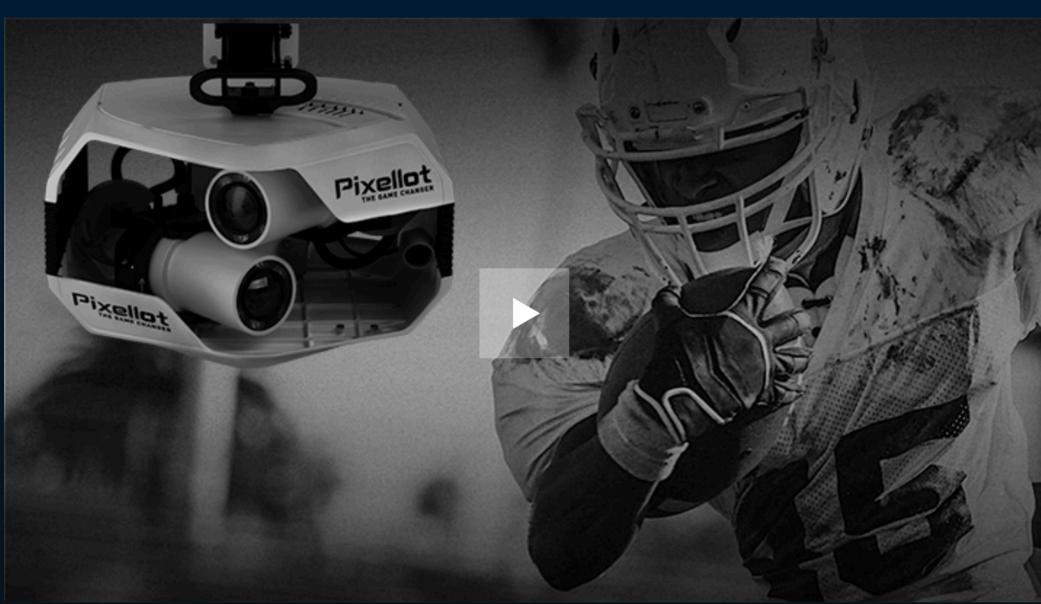

What's Included

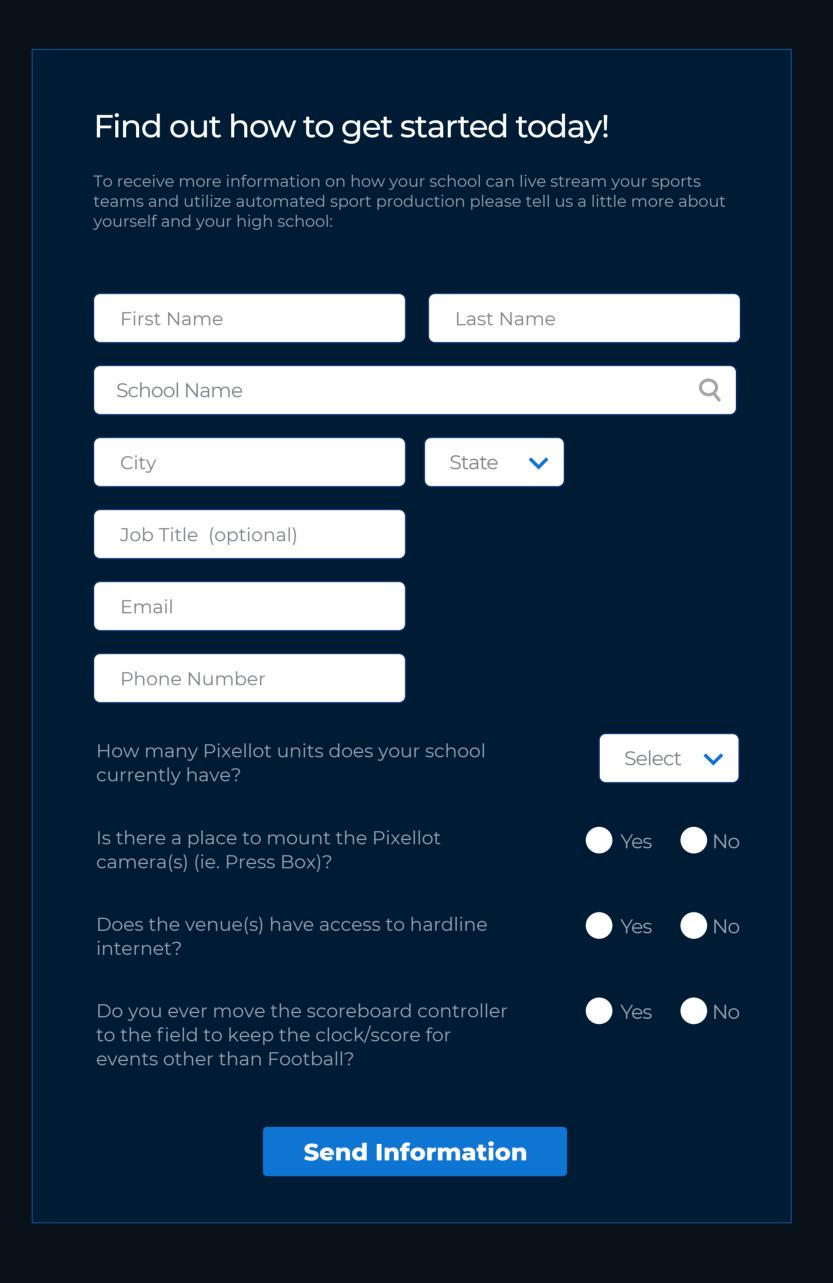

Camera Unit

processing

- Weatherproof camera in a single mounted unit
- Scoring Device Plugs into scoreboard for automated score integration into the broadcast
- Desktop Computer For production integration & video

Live events produced without lifting a finger.

and gym, we have had exponential growth in online viewings. This has been especially beneficial for opposing teams who have fans who cannot make the long trip to us. The ease of setup and use is fantastic. This has taken our broadcasting team to the next level." - Brigham Baker, Athletic Dirctor Lake Oswego HS

"Since we have put in the Pixellot units at both the stadium
